' Santa flew to the Kremlin,
One November,
during the Khrushchev era,
(long before Perestroika).

To ingratiate himself with the Soviets,
He drank lots of vodka.

"I'm a red too," he joked.

"You're an icon to us!",
they toasted in response.

-an excerpt from the poem 'Santa's Scottish Cousin'.

Santa's Wisdom will be available to share in winter 2012.
